SUMMARY

PURPOSE: (U//FOUO) To forward to the Intelligence Oversight Board (IOB) of the President's Foreign Intelligence Advisory Board, via the Assistant to the Secretary of Defense for Intelligence Oversight (ATSD(IO)), NSA's quarterly report on its intelligence activities.

BACKGROUND: (U//FOUO) Executive Order 12333 and Executive Order 12863 require Intelligence Community agency heads and Intelligence Community General Counsels and Inspectors General, respectively, to report to the IOB on a quarterly basis concerning intelligence activities that they have reason to believe may be unlawful or contrary to Executive Order or Presidential Directive. The enclosed memorandum covers all reportable activities known to the Inspector General and General Counsel. Per PIOB letter of 6 August 1982, Agency heads are responsible for reporting separately any additional reportable activities known to them, unless the President has specifically instructed that the Board is not to be informed. The Director's signature signifies that no other activities that require reporting are known to him.

RECOMMENDATION: (U) Director sign the enclosed memorandum.

1. (U) INSPECTOR GENERAL ACTIVITIES

a. ~~(C//SI)~~ During this quarter, the Office of Inspector General (OIG) reviewed various intelligence activities of the National Security Agency/Central Security Service (NSA/CSS) to determine whether they were conducted in accordance with applicable statutes, Executive Orders (EOs), Attorney General (AG) procedures, and Department of Defense (DoD) and internal directives. With few exceptions, the issues presented were routine and indicated that the operating elements understand the restrictions on NSA/CSS activities.

b. (U//~~FOUO~~) Along with inspectors from [REDACTED] (b) (3)-P.L. 86-36 [REDACTED] the NSA
OIG completed a joint inspection of the Kunia Regional Security Operations Center (KRSOC), Kunia, Hawaii. The inspection team found that the KRSOC IO program manager lacked the authority to manage the IO program centrally, the IO training materials contained inaccuracies, and the training accounting process was fragmented. The deficiencies will be monitored by the NSA OIG through correction.

c. As reported in the fourth quarter fiscal year 2004 (See report dated 24 November 2004), the NSA OIG, with the [REDACTED]

[REDACTED] The two intelligence-related actions resulting from the inspection, a continuity guide and quarterly reporting process have been completed.

2. (U) GENERAL COUNSEL ACTIVITIES

~~(C//SI)~~ The NSA Office of General Counsel (OGC) reviewed various intelligence activities of the NSA/CSS to determine whether they were conducted in accordance with applicable statutes, EOs, AG procedures, and DoD and internal directives. The OGC advised Agency elements on a number of questions, including the collection and dissemination of communications of or concerning U.S. persons (USP); the reporting of possible violations of federal criminal law contained in SIGINT product; the testing of electronic equipment; and the applicability of the Foreign Intelligence Surveillance Act. (FISA). With few exceptions, the issues presented were routine and indicated that the operating elements understand the restrictions on NSA/CSS activities. The OGC did not file any reports with the Intelligence Oversight Board during this quarter.
